3 Reasons to Attend Our Training:

1. **An investment in yourself yields the best return.** In addition to being a potential **tax-deductible expense**, the investment you make in training yields returns in making you **more productive and competitive**.
2. **Passion - We go the extra mile.** We choose instructors who are passionately committed to each student's success, and we take the time to provide follow-up coaching (often **at no extra cost**) to make sure you are equipped to use the software.
3. **Expertise.** We only hire subject matter experts (SME) Since they know the subject matter inside and out, our instructors are able to adapt the training "on the fly" to meet students' needs. To request instructor credentials, [please click here](#).
